Note from the Chair:

Spring has Sprung but as we have been asked to remain at home, you might not realize how beautiful the flowers are bursting. Get out for a walk, around the block as often as you can. . . . outside greenery and flowers that you can bring inside will not only boost your health and well being, . . .but you might want to place plants or wood in the east, southeast, or south, of your home. . . to add growing energy to your life. Remember Green for ~ growth ~ health ~ wealth ~
